

Gallery Night is just around the corner and secondary teachers are offering parents, students and friends an opportunity to join us for a night of food, poetry (sort of), and a movie! This year we will have FOUR special menus for those interested in having a little special something served by your teacher/chef. Dinner will be followed by recitations, both serious and humorous, by our secondary staff and all are welcome to join in the open mike segment and recite your favorite poem or prose passage. To cap off the evening we will be showing the Academy Award winning film *Chariots of Fire*. The sign up sheet is in the secondary office and space is limited to sixty attendees.
